

2012 STUDENT CASE COMPETITION FINALS

In it's seventh year, the Student Case Competition is a capstone event for IFAMA, offering students a rare venue to demonstrate their analytical and problem solving skills before a panel of senior management judges. It also gives universities an opportunity to showcase the next generation of business leaders.

The competition began on Saturday, June 9th. Seventeen teams were given a "real world" case in which they had five hours to analyze the problem, formulate a solution and develop a presentation. Each team submitted their presentations on Saturday but delivered the oral presentations to the judges in a Preliminary Round which occurred on Sunday, June 10th.

Three teams were selected to advance to the final phase of competition which occurs on Tuesday, June 12, 2012, 2:00-3:30PM. The advancing teams are given a second opportunity to make their presentations to a different set of judges and attending Symposium participants. The winners will be announced during the Welcome Reception.
